Our position, word by word Balance

At Philto Morris, we believe that adults have a right to choose whether or not to smake But we also believe that minors should not smoke.

These two Issues - preserving the night of adults to make access to clearning - am equally important. But they a balanced view so both issues get the attention they deserve.

Action Against Access, is one of the most comprehensive recovers ever introduced to nervent minors from baying

access to dearettes. We are confident that this program will On the other hand, we will continue to vigorously support the pelic of adults to make personal chorors.

Our receiving is that the same of youth and desertes should not be used to currell the feredom of those adults who choose to smoke It's important to prevent minors from having access to

adult emokers and nonemokers to make individual choices.
